

TQS21

Hard Ceiling, Blind Mount, Speaker System.

The TQS21 is a complete, blind mount loudspeaker system for hard ceiling applications. It consists of an TQ8C10PAX - 8" O.D. dual cone loudspeaker with a 10 oz. magnet and a TQTBLU - 5W-25/70V transformer. Loudspeaker and transformer are mounted on a TQBR8W - round, steel, screw mount baffle along with an TQERD8U - 275 CID, round, steel back box. White powder coat finish.

INTENDED USE - Indoor Environment

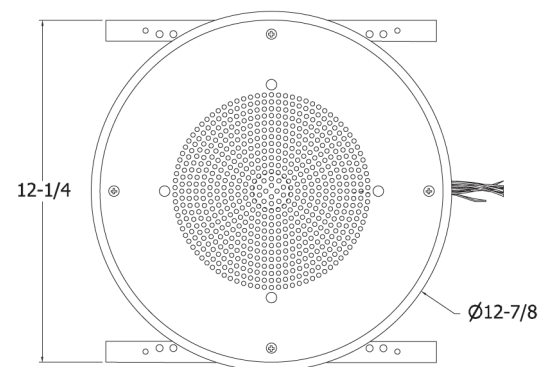

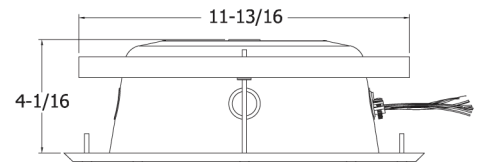

Installation	Hard Ceiling, Blind Mount
Program Material	Paging and Background Music

AUDIO SPECIFICATIONS

Average Sensitivity	92 dB SPL, 1W/ 1M
Loudspeaker Power Rating	20W RMS, EIA 426A Standard
Calculated Output	104 dB SPL, 5W/ 1M
Magnet Type & Weight	BeFe Ceramic, 10 oz. Nominal
Frequency Response	60Hz - 17kHz EIA 426A Standard
Nominal Coverage Angle	90° Included Angle, -6 dB / 2 kHz, Half space
Audio Connection	7" Color-Coded Pigtailed, Pre-Cut
Electrical Access	1/2" Side Mounted, Flexible Conduit Clamp

SYSTEM COMPONENTS

Loudspeaker	TQ8C10PAX
Transformer	25/70V 5W-5 tap Color Coded Leads (5W, 2.5W, 1.25W, 0.63W, 0.31W)
Baffle	TQBR8W
Back Box	TQERD8U
